

Summer Residential Governor's School (SRGS) **Attention Gifted Students!**

Do you want to make this summer the best you've had?

Do you want hands on experience in **agriculture, veterinarian medicine, humanities, math, science & technology, medicine, foreign languages, engineering, or marine science?**

Well the Summer Residential Governor's School is just the place for you.

Join your peers on a non-stop adventure as you journey through seminars, interest groups, field or site work, and many other activities in the field of your choice. In the evening, the activities consist of special events such as concerts, movies, and student performances.

SRGS looks great on college applications, especially when applying to the more competitive colleges and universities!

For more information, see the display case in front of the library, Mr. Varisco in portable 11, or go to

<http://www.doe.virginia.gov/VDOE/Instruction/Govschools/summerres.html> for academics and

<http://www.doe.virginia.gov/VDOE/Instruction/Language/GAindex.html> for foreign language.

See Mr. Varisco in portable 11 for more information.
